

Rands Training is an unconventional educational center in many ways. Modern training rooms, full of light and with beautiful views, led us to the idea of making the most of the white walls a little bit differently than by covering them with bookshelves.

So, welcome to our small art gallery, through which we offer artists across the world of art the opportunity to show their work and by which we are trying to create a fresh and inspiring environment for all who meet at Rands Training.

From 17 September to 31 December 2014 the following exhibition can be visited on the premises of Rands Training:
